## Germany and Spain

Have their little tilt, but it ends in smoke. This came about because Germany could afford to keep her temper.

We are pursuing the "even tenor of our way," and are doing our share of business. Some of our competitors have from time to time "shied a brick at us" in the shape of an "ad," and then adopted our methods and tried to adopt our prices.

We only want to say to-day that we have a large assortment of the newest styles of Men's, Youths', Boys', and Small Boys' Suits and Overcoats.

That we think the Wanamaker Goods, which we sell, are the best-fitting ready-made goods manufactured, and that we allow no one in Washington to undersell us.
